

# Through It All

Written by Harrison Pugh, Voni Rarijason, Gideon Akpovi

**BPM:** 131

## **Intro**

### **Verse 1**

Be still my soul  
This is not your fight  
Find rest and know  
He will bring you out

### **Chorus**

Not by might  
Not by power  
By my spirit says the Lord  
Lift your eyes  
To The One  
Who is working through it all  
Through it all  
He is working through it all

### **Verse**

You hold my life  
I don't need to strive  
My heart it knows  
That you're in control

### **Bridge 1**

He said he will do it  
And His word won't come back void  
I know he is moving  
He is working for my good

### **Bridge 2**

My God is a promise keeper  
My God is a mountain mover  
I know I can lay it down  
He is working through it all

### **Post-Chorus**

Through it all  
He is working through it all
